

## Cumulative Listing of Award Winners, 1999 - 2009

### Outstanding Publications Awards

From 1999 to 2003, one award publication was given yearly, for either a book or an article.

Since 2004, there have been two publication awards: the Outstanding Article Award (given every year) and the Harrison White Outstanding Book Award (given every other year)

#### 2009

##### Outstanding Article Award

Damon Canola and Michael Macy. "Complex Contagions and Weakness of Long Ties" *American Journal of Sociology*, 2007, 3:702-34.

Honorable Mention:

Vincent Buskens and Arnout van de Rijt. "Dynamics of Networks if Everyone Strives for Structural Holes" *American Journal of Sociology*, 2008, 4:371-407.

#### 2008

##### Outstanding Article Award

Delia Baldassarri & Peter Bearman "Dynamics of Political Polarization" *American Sociological Review* 72:784-811, 2007.

#### 2007

##### Harrison White Outstanding Book Award

Patrick Doreian, Vladimir Batagelj & Anuska Ferligoj "Generalized Block Modeling, Cambridge University Press, 2005.

##### Outstanding Article Award

James Kitts, "Collective Action, Rival Incentives, and the Emergences of Antisocial Norms" *American Sociological Review*, 2006, 71:235-259.

#### 2006

##### Outstanding Article Award

Damon Centola, Robb Willer, Michael Macy "The Emperors Dilemma: a Computational Model of Self-Enforcing Norms" *American Journal of Sociology*, 2005, 110(4):1009-1040.

##### Harrison White Outstanding Book Award

Peter J. Carrington, John Scott & Stanley Wasserman (Editors) *Models and Methods in Social Network Analysis*. Cambridge University Press, 2005.

#### 2005

##### Outstanding Article Award

Douglas Heckathorn & Matthew J. Salganik "Structural Cohesion and Embeddedness: A

Hierarchical Concept of Social Groups" *American Sociological Review*, February 2003, 63: 103-27.

#### 2003

##### Outstanding Publication Award

Laszlo Polos, Michael Hannan, "Reasoning with Partial Knowledge" *Sociological Methodology*, Vol. 32, (2002), pp. 133-181.

#### 2002

##### Outstanding Article Award

Andrew Noymer, University of California, Berkeley, "The transmission and persistence of 'urban legends': sociological application of age-structured epidemic models." *Journal of Mathematical Sociology*, 25(3): 299-323.

#### 2001

##### Outstanding Publication Award

Philip Bonacich "A Behavioral Foundation for a Structural Theory of Power in Exchange Networks" *Social Psychology Quarterly*, Vol. 61, No. 3 (Sep., 1998), pp. 185-198.

#### 2000

##### Outstanding Publication Award

Duncan Watts "Networks, Dynamics, and the Small-World Phenomenon" *The American Journal of Sociology*, Vol. 105, No. 2 (Sep., 1999), pp. 493-527.

#### 1999

##### Outstanding Publication Award

Noah E. Friedkin *A Structural Theory of Social Influence* Cambridge, New York: Cambridge University Press, 1998.

---

#### James S. Coleman Distinguished Career Award

Career Achievement Award - begun in 2002, given every other year.

#### 2008

Scott Boorman, Yale University

#### 2006

Linton Freeman, University of California, Irvine

#### 2004

Thomas Fararo, University of Pittsburgh

#### 2002

Harrison White, Columbia University

---

#### Outstanding Graduate Student Paper Award

Given every year

**2009**

Neha Gondal, Rutgers University, "Knowledge Space as a Partially Self-Organizing System"

**2008**

Michael Genkin and Alexander Gutfraind, Cornell University "How Do Terrorist Cells Assemble? Insights from an agent-Based Model"

**2007**

Yen-Sheng Chiang  
"Birds of Moderately Different Feathers: Bandwagon Dynamics and the Threshold of Network Neighbors. *Journal of Mathematical Sociology*" 2007, 31:1-23.

**2006**

Steven Bernard & Robb Willer, Cornell University "A Wealth and Status-Based Model of Residential Segregation". *Journal of Mathematical Sociology*, 2007, 31(2):149-174.

**2003**

Fabio Rojas, Kirby Schroeder, University of Chicago

**2002**

Andrew Noymer, University of California, Berkeley, "The Transformation and Persistence Application of Age-Structured Epidemics"

**2001**

Vincent Buskens, Utrecht University, "A Stochastic Model for Information Diffusion in Social Networks"

**1999**

Carter E. Butts, Carnegie-Mellon University "A Bayesian Model of Panic in Belief"

---

**Outstanding Dissertation in Progress Award**

Begun in 2007, given every year

**2009**

Tucker S. McGrimmon, University of South Carolina, "Social Diversity and the Efficacy of Majority Rule Voting"

**2008**

Pamela Emanuelson, University of South Carolina, "Extension and Refinement of Network Exchange Theory"

**2007**

Rense Corten Utrecht University, Netherlands  
"Coevolution of Social Networks and Behavior in Social Dilemmas"
